COMMUNITY CHAMPIONS

Bricknell has more than its fair share of community leaders. Caroline, David and Nigel are three of the many volunteers who give up their time to help collect litter in our area. If you want to help out where you live, let me know and I'll get you all the equipment you need!

PRIORITY - SAFER ROADS

Pedestrian crossing finally arrives!

It's been two years since I met with the Portfolio Holder for Highways and discussed a match funded project to install a pelican crossing on National Avenue and County Road North near the National Pub, and over the summer it was finally completed!

This crossing point will be a huge benefit to residents nearby, who before now had no option but to cross unassisted at this notorious junction.

NEXT UP - Work continues on re-establishing the attendant crossing near the drain on National Avenue. Modifications to the road layout are required before we can put an attendant back in place - we're moving as fast as we can!

COUNCIL UPDATES

The two main parties are closing ranks

With Reform taking 10 seats in the council chamber after May's Local Elections, we were asked to vote on who should lead Hull over the next year. Labour councillors chose not to give an option, allowing the Liberal Democrat to form an administration.

It was disappointing to see Labour seemingly agree to sit on their hands in exchange for no more than a few seats on council committees in a back room deal. I expected Labour and the Lib Dems to reach a much more co-operative agreement, but sadly it looks like we should expect more of the same from an uninspiring and pedestrian Liberal Democrat led council.

PRIORITY - COMMUNITY GROWTH

Creating a brighter and closer community

Residents living across Bricknell joined us for some free hanging basket making sessions in May.

This popular event was held in two locations - Commonwealth Homes and Florence Nightingale Court - and follows on from our Christmas wreath making sessions in Winter.

Everyone came away with a beautiful hanging basket to display at home, but more importantly it brought people together. These are the sort of events I promise to keep delivering for our area.

Breaking the party political system in Hull - support local Independents

There's a very specific reason Independents find it harder to compete than politicians aligned with national parties - resources. When you're in a political party, you have access to a network of members to help deliver newsletters and canvass support.

Since becoming an Independent councillor I now need to rely on help from friends, family and supportive residents. If you can offer any help, please get in touch and we can continue to build a team that's all about our community!

PRIORITY - GREEN SPACES

Reaching Our Goal, Changing Lives

We are thrilled to announce that our “Kitchens for the Community” campaign has officially reached its \$25,000 goal! Because of your generosity, the Riverton Community Center can now serve an additional 100 hot meals each week to families in need.

This milestone is more than a number—it’s the promise of full plates and brighter days for countless children and adults. Thank you for believing in this vision and showing what’s possible when we work together.

PRIORITY - CLEANER STREETS

Bring Out Your Rubbish Day

Before I was elected, Bricknell had never had a single Bring Out Your Rubbish Day. This summer we held the **fifth** one in as many years.

These events are funded from our ward budget, and the costs have doubled since 2021. There’s no way we could afford to host more than one per year, but we promise to move them around the ward so that everyone gets the chance to have a clearout!

Who’s next? Let me know if you think your street is ready for another!

A look at how your support has helped us reach our latest fundraising goal, a sneak peek at our upcoming winter program guide, and a spotlight on our dedicated volunteers.

NO JOB TOO SMALL

Everyday Casework, Getting the Basics Right

-  We are so grateful for your continued support. Thanks to our community’s generosity, we’ve been able to make a tangible difference. This month, we want to share the story of **The Riverton Community Center**, where your contributions funded a much-needed kitchen renovation.
